Become High Quality Industry-Ready Professionals with IIIT-Bangalore's

M.Tech. Programmes

Degrees

- ✅ Computer Science and Engineering (CSE)
- ✅ Electronics and Communication Engineering (ECE)
- ✅ Artificial Intelligence & Data Science (AI&DS)

In your pursuit of postgraduate programmes, IIIT-B's M.Tech. nurtures you into a high-quality professional, capable of addressing the challenges posed by both industry and academia. Grounded in a thorough grasp of scientific principles, these programmes prioritize honing your problem-solving skills, fostering continuous learning, and encouraging collaboration across multidisciplinary fields. The meticulously designed postgraduate curriculum integrates courses, seminars, project work, internships, and research leading to a thesis, all aligned with these overarching objectives.

About M.Tech. Programmes

M.Tech. in Computer Science and Engineering (CSE), Electronics and Communication Engineering (ECE) and Artificial Intelligence & Data Science (AI&DS) is a two year (4 semester) programme. The programme has been approved by AICTE. A student needs to earn at least 64 credits, with at least a CGPA of 2.4 (in a 4-point grading system) to graduate with M.Tech. degree.

Scholarships

- ₹ GATE-qualified students will be eligible for fellowships from AICTE as per AICTE norms.
- ₹ The Institute offers industry-funded scholarships that covers almost all student expenses over the duration of M.Tech. programmes
- ₹ The selection for these industry-sponsored scholarships is carried out by the industry representatives along with IIIT-B faculty coordinators.

Career Pathway

M.Tech. post graduates embark on prestigious career journeys, securing positions in industry giants. On the research frontier, our students have earned coveted Ph.D. offers from esteemed institutions like Harvard, Cornell, and many others. Notably, our students have demonstrated excellence in international programming competitions, with commendable performances in events like ACM-ICPC.

Eligibility & Selection Procedure

To qualify for admission to the M.Tech. programme, a minimum of 65% is required in a four-year bachelor's degree in engineering (B.E., B.Tech., or equivalent).

M.Tech. in CSE

Eligible Bachelor's Degrees:
- ✅ Computer Science & Engineering / Computer Engineering / Information Technology / Information Systems / Electronics & Communication Engineering

Eligible GATE Subjects:
- ✅ Computer Science and Information Technology

M.Tech. in ECE

Eligible Bachelor's Degrees:
- ✅ Computer Science & Engineering / Computer Engineering / Electronics & Communication Engineering / Electrical Engineering / Instrumentation Engineering

Eligible GATE Subjects:
- ✅ Electronics and Communication Engineering / Electrical Engineering

M.Tech. in AI&DS

Eligible Bachelor's Degrees:
- ✅ 65% in four-year bachelor's degree in engineering (i.e. B.E., B.Tech., or equivalent) in any one of the branches.

Eligible GATE Subjects:
- ✅ Data Science and Artificial Intelligence
